Week 4 - Lockdown

With us all missing life together with our horses - here is a little run down of this weeks events

Fourth week of lockdown. The week started well, with bright sunshine and a feeling of optimism that the arena and lunge arena could be back in use by mid week. The heavens opened again on Thursday, drowning us all and even the ponies were in a bad mood after the storm - grumbling at us as we worked through the paddocks! The Mightly Tim has mastered how to take himself for grass. As a gentleman, he always waits for me before moving on to his next spot! Gotta Love this boy! (and all the others of course!)

In more detail!

A week in the life of ARC

Friday - A lie in for the girls after a late night taking care of horses. Making lead rein bridles (no noseband or reins) to ensure time effective work tacking up and cleaning.

Saturday - Closed for the day - Behind the scenes making assessments on our feed and hay supply.

Sunday - A quiet day for the horses - with Scotty and Tracey taking care of them. The horses enjoyed having their rugs off to get a bit of sunshine. Aaaaannnnnd relax 🌞🌴

Monday - Rocking our new routine! - All exercised during the morning. Uh oh, Mr Blue Man slipped through our fingers to hit the grass! Lol!

Tuesday - Our first attempt with 12 horses out

in one go! Eek wish us luck! .. Well: we lost one, we dropped one and we got twisted up in lead ropes, after being spooked by a dog and some walkers! - but all in all it was a success!

Wednesday - Clipper day for Georgia!

Thursday - Rain stopped play but it didn't stop us feeding and cleaning the paddocks! - We had a visit from the farrier in the afternoon for new shoes for some of the ponies!

SALON DAYS! 😊

Apart from riding: It is important we take time with the horses to give them regular pamper sessions. Together with keeping legs, hooves, manes, tails and coats in good condition, we also check for injuries, worn down tack, clean boots, bridles and saddle clothes. XX Thinking of you - Love to all
